## DIY Bubble Fractals

### Supplies

1. Measuring Cup - 1 Cup
2. Tablespoon Measuring Spoon
3. Dish Soap ( example: DAWN)
4. Vegetable Oil
5. Water
6. Pipe Cleaners
7. Container With Lid

### Directions:

1. Measure 2 cups of water and pour it into the container.
  2. Measure 4 tablespoons of dish soap and mix it with the water in the container.
  3. Measure and pour 1 tablespoon of vegetable oil into the container.
  4. Put the lid on the container and shake the solution.
  5. Make a bubble wand out of a pipe cleaner.
  6. Dip the wand into the solution and then pull it out. Blow the solution that is caught on the wand.
  7. Experiment with different size wands and the force of blowing your breath.
- Enjoy!
