

# What's In Outer Space?

( Sing To: The Farmer In The Dell)

Oh, what's in outer space?

Oh, what's in outer space?

*The big bright moon,*

*A rocket-ZOOM!*

That's what's in outer space!

Sing three more times, substituting the  
italicized lines with:

*The shining sun, our only star!*

*The twinkling stars, away so far!*

*The planets going round our sun!*
